Office of Legislative Counsel

Friday - 18 May 1956

- - -

50X1

2. Met with Colonel White to prepare him for testimony in support of the proposed CIA legislation. John Warner has prepared back-up material for this purpose. As a result of this meeting, Col. White will request the appropriate offices within DD/S to come up with a recommendation as to whether this Agency would favor retirement revisions similar to those which have been favorably reported in the USIA Career Service bill.

3. The DCI talked to Chairman Vinson on the phone and indicated he was sending a letter up explaining the funding problem on our new building. The DCI instructed me to hand carry this letter and to explain further details to Mr. Vinson. In the event further discussion is necessary, the Director will seek an appointment during the week of 28 May.

50X1

Norman S. Paul
Legislative Counsel
